June 2nd 12-3pm
Dudley Library, Roxbury

Last month, over 1,000 people marched from Roxbury to the State House to demand jobs and CORI reform. Join us to celebrate our achievements and build the movement to stop the CORI. Our community must unite to win. Get informed and get involved.

If you're unemployed, working temp jobs, can't get a job because of your CORI, or just sick and tired of being "sick & tired," be seen and be heard – join the BWA!
